Dalla volontà di evolvere le forme rettangolari affinando la linea di prodotti a bordo sottile secondo la tendenza contemporanea nasce Kube X. Dalle misure più generose a quelle minime, la collezione si declina in lavabi quadrati con multiple possibilità di installazione: a sospensione, in appoggio su un piano o su mobile. Inoltre, la famiglia di lavabi comprende due tondi in appoggio e due da incasso rettangolari, tutti caratterizzati dallo spessore minimo del bordo. I sanitari a sospensione presentano linee estremamente epurate combinati con l'innovazione tecnica dei plus GSI: lo smalto Extraglaze®, il sistema di scarico Save Water, copri-water con sistema di estrazione rapida Quick Release e sistema di chiusura rallentata, sistema di scarico Swirl flush®. Selezionati prodotti sono disponibili anche nelle finiture matt bianco e cenere.

Kube X emerged out of contemporary trend to develop rectangular forms with pared down lines and slender edges. From the larger sizes down to the smallest, the collection offers square washbasins with many installation options: wall hung, on a countertop or on a mobile support. In addition, the line of washbasins includes two round countertop basins, two rectangular built-in basins, all with very slender edges. Wall hung sanitary ware come in extremely essential lines and are equipped with the technical innovation of GSI extras: the Extraglaze® glazing, the Save Water flushing system, toilet seats with the Quick Release mechanism, the slow Soft-Close system and the Swirl Flush® system. Selected products are also available in white matt and ash finishing.
